

Philippines - PM 1315

3-12-91

Called Jeff to proceed w/ letter -

He mentioned that he had been in touch w/ Mellen over the hold up in the US case. Didn't get much info - thinks the problem may be with the claim to the ceramic sleeve.

Mellen to finish report to supervisor to day.

Meanwhile Jeff has advised John & Philippines (where we had reported allowance of the technical problem in the US case)
